EDUCATION

KIT-Kalaigarnarkaranidhi Institute of Technology, Coimbatore

2023 – 2027

B.E. Computer Science and Engineering, Pre-Final year

Current **CGPA: 8.36/10.0**

Coursework: Object Oriented Programming, Machine Language, Operating Systems, Database Management Systems

EXPERIENCE

Internship- Full Stack Development, Learnlogicify Technologies (offline)

June 2025

- Gained practical experience in building responsive and user-friendly websites using HTML, CSS, and JavaScript.
- Worked with Git and GitHub for version control, repository management, and smooth team collaboration.
- Strengthened problem-solving skills, improved debugging techniques, and gained hands-on experience with modern web development tools.

PROJECTS

NutriDiet - Personalized Diet Recommendation System | Python, Deep Neural Networks, React, Flask [Link](#) | Nov 2025

- A full-stack web application that provides personalized diet recommendations using machine learning.
- The system analyzes user health data (age, gender, height, weight, goals) and recommends optimal meal plans for breakfast, lunch, and dinner.

MinuteMind AI | Python, Streamlit, Speech-to-Text, LLM, AI

[Link](#) | May 2026

- Developed an AI-based meeting assistant that converts meeting audio into text automatically.
- Generated meeting summaries, action items, and Minutes of Meeting (MoM) with PDF report support for easy understanding and documentation.

Study Master | HTML, CSS, JavaScript

[Link](#) | Dec 2025

- A website that helps students manage tasks, stay focused with Pomodoro sessions, and track learning progress through analytics and gamification.

Predictive Maintenance | Python, HTML, Machine Learning

[Link](#) | Jan 2026

- Developed a machine learning-based predictive maintenance system using the NASA Turbofan Engine Dataset to estimate Remaining Useful Life (RUL) of jet engines.
- Built an interactive Flask dashboard with visual analytics, confidence scores, and sensor trend insights for real-time decision support

TECHNICAL SKILLS

C	React.js	Bootstrap	OOPS
Python	GitHub	SQL	CSS
HTML	DSA	MongoDB	JavaScript

CERTIFICATIONS & COURSES

Cloud Computing – NPTEL	2026
Salesforce Agentforce Specialist	2025
Python Development - Infosys	2025
Introduction to Cybersecurity – Cisco	2026

COMPETITIVE PROGRAMMING

Leetcode : Max rating – **1519** | Solved problems: **150+** | Top **85.8%** | Badges: **4** | Highest Rank: **1519**

Codechef : Max rating - **1495** | Position: **2** Star | Solved Problems: **300+** | Global Rank: **27889** | Country Rank: **25705**

Codeforces: Max-rating- **1057** | Position : **Newbie** | Contest rating: **1156**

ACHIEVEMENTS

- Earned **Diamond Badge, Silver Badge** for maintaining 100+ day streaks, and solving 800+ problems in codechef.
- Achieved **LeetCode's 100-Day Coding Streak Badge** for continuous learning and engagement.
- Actively participated in 24 hours, 12 hours coding hackathon at KIT campus.
- Participated in the 36-hour AIMS-25 Hackathon at Dr. Mahalingam College of Engineering and Technology.

VOLUNTEERING

- Taught programming fundamentals and about coding platforms to junior students, delivering hands-on exercises to enhance learning and coding skills.
- Actively involved in event management like department function and cultural events.
